

David Phillips

david.phillips@ticrail.com.au

Background

David Phillips is an accomplished Trainer and Assessor with more than five years' experience delivering a wide range of Rail Safety courses across Victoria and New South Wales.

He brings extensive experience in Train Crewing (NSW), including the delivery of a comprehensive Health and Safety system developed in response to the Waterfall tragedy. David has significant expertise in the monitoring and reporting of fatigue analysis for train crewing staff and contractors, including personnel working on track.

David has played a key role in the development of National Rail Standards, including the ON-S1 standards for on-track incidents, serving as the sole RailCorp representative at national forums for ON-S1 standards. He has extensive experience in the observation, investigation and reporting of on-track incidents, including Worksite Protection issues, Safeworking breaches, Drug and Alcohol irregularities, and Security and Environmental breaches. He has produced daily compliance and incident reports for ONRSR and ARTC. As a qualified Work Health and Safety Strategy and Performance Specialist, David has delivered business plans across Safety, Environment, Quality Management and Risk Management functions.

He has also delivered international benchmarking statistics (COMET) on behalf of the NSW Rail Industry, enabling performance comparisons with rail networks in Singapore, Hong Kong, London and selected European cities.
